September 18, 2002

Mr. Michael L. Boos
 Project Coordinator
 Association for the Wolf Lake Initiative
 PO Box 17022
 Chicago, IL 60617

Dear Mr. Boos:

Friends of Wolf Lake will include the abandoned Calumet Container site in its annual Earth Day cleanups of Wolf Lake in 2003 and 2004. We plan also to help with the construction and improvements of wetland areas there as we did with the 129th Street site this year.

Because our groups share the same goal of improving the enhancing Wolf Lake, we plan to continue to publicize and attend, when possible, such meetings sponsored by the Association for the Wolf Lake Initiative as Wolf Lake VIC. *WWW.COM*mittee, and the bi-state community meetings on Wolf Lake, festivals and workshops.

For three years we have worked together in partnership. We hope to continue this relationship well into the future.

Sincerely yours,

Mike Aniol
 Spokesperson
